

Makrolon® AR

Abrasion-resistant solid polycarbonate sheet

Your benefits:

- extreme impact strength
- good abrasion resistance
- excellent weathering resistance
- high clarity

Makrolon® AR sheet is an abrasion and enhanced UV resistant polycarbonate sheet that offers glasslike hardness coupled with the impact strength of standard polycarbonate. Additionally, **Makrolon® AR** offers on both surfaces enhanced resistance against yellowing and hazing for an extended service life in high profile architectural glazing. **Makrolon® AR** has a 10-years warranty against breakage and 5-years warranty against delamination and weathering.

Applications:
 Typical applications for **Makrolon® AR** sheet include transparent sound barriers, school and hospital shelter glazing. **Makrolon® AR** is also used extensively in correctional and psychiatric facilities. Additionally, the product performs well for view windows and machine guards in harsh chemical environments. Due to its scratch-resistant coating, **Makrolon® AR** cannot be formed like other **Makrolon®** sheets.
